

Solutions Through Innovation:

Value-Added Services

Schroeder Measurement Technologies, Inc. (SMT) offers a wide range of examination related services applying the latest technologies and methodology compliant with all industry standards.

The SMT difference is our **CUSTOMER SERVICE FOCUS**...the utmost in client-based service delivery

No matter the size of your program...at SMT...each client can expect to receive **VALUE ADDED SERVICE**.

- ≈ Individualized project administration
- ≈ Direct client – SMT staff project interaction
- ≈ Service oriented responsiveness to programmatic adjustments and client requests without the need for Scope Change Requests
- ≈ Security expertise in test development and delivery; SMT contributed to development of the NOCA security standards. Layered safeguards designed into SMT office, computer and reproduction facilities operations.
- ≈ Secure on-line item writing support services for Subject Matter Experts
- ≈ Foreign examination translation capabilities
- ≈ Foreign diplomatic experience; introduction of examination services in emerging Asian market
- ≈ Streamlined cost-effective candidate application and credentialing processing
- ≈ Multi-media examination delivery
- ≈ Multiple test center options
